

The Pulse of

Care Chaplain Program

CRMC is focused on patient's spiritual health along with physical health. We understand that before people become our patients, they are human and this is an attempt to be more human in a place where we can get so detached and focused on hospital business. We want to make our patients experience with us as healing, stress-free and fulfilling as possible. CRMC is fortunate to have a number of local pastors volunteer their time for us with this program. There is an on-call list at nurses desk if you feel the service is needed or if patient request.

July Anniversary Dates:

Samantha Jackson 2yr Monica Baker 2yr
